Dear Sir/Madam,

NATIONAL CODE OF CONDUCT

As a national company Cable & Wireless Worldwide work closely with many Local Authorities throughout the UK to ensure that inconvenience and disruption is kept to a minimum, whilst maintaining our high standard of safety.

We continually strive to improve our street works activities and actively promote first time reinstatement.

We believe that the introduction of the National Code of Conduct is a positive step forward in achieving the aim of reducing disruption in the highway and are pleased to confirm that Cable & Wireless Worldwide fully support the Code.

Yours faithfully

Director, Service Delivery
