Dear Richard

**Re: NJUG Vision**

As one of the country's leading technical support specialists to the Streetworks industry we are committed to our clients aspirations to continually improve all aspects of their operations.

As an associate member we are pleased to endorse NJUG in their six point Vision on Streetworks, we shall encourage our clients to embrace the aspirations of this Vision as we see that active involvement will bring long term benefits to our clients, members, associate members, Highway Authorities and the general public.

Yours Sincerely

Paul Burns MIAT
