

Mr R Wakelen
Chief Executive
National Joint Utilities Group
28 Broadway
Westminster
London SW1H 9JX

NJR/JF/NJUG

Dear Mr Wakelen

NJUG VISION

We at Portsmouth Water are pleased to be able to support the NJUG Vision for Street Works which tie in with our own aspirations for work on the highways.

We actively co-ordinate our works with Highway Authorities and other Utilities in efforts to minimise disruption and are currently actively seeking ways to recycle our excavated material, whilst ensuring that safety for road users and operatives alike is kept in the forefront of our thinking.

We will continue to support NJUG and its aims so that the industry can move forward in a co-ordinated manner for the benefit of all.

Yours faithfully

N J ROADNIGHT
Chief Executive
Portsmouth Water
